Another flagman is positioned at the end of the track and waves a flag when the vehicle crosses the finish line. Timekeeper stops the timer and notes the time (to the nearest tenth of a second) that it took for the vehicle to complete the course.

If the vehicle fails to complete the course, a judge waves a flag signaling that forward motion has ceased. Time and distance traveled into the mud will be measured to the nearest inch at that point.

If vehicle runs sideways, or out of track, judge will signal driver to stop. Vehicle will be disqualified.
